

# ADVERTISE

## Ads Banners Price List

### Ads on HomePage

Home Page Advertising Banners: 300x300 px

The Home Page is the prime real estate of any website, receiving the highest traffic and offering the most visibility. Advertising on the Home Page ensures maximum exposure to a broad audience, making it an ideal spot for high-impact advertisements.

**Price: \$228 USD per month**

- Visibility: High traffic and maximum visibility
- Audience: Broad and diverse, capturing new visitors and regular users
- Impact: Prime position for brand recognition and awareness

### Ads on Landing Pages

Landing Pages Advertising Banners: 300x300 px

Landing Pages are critical for user engagement and are often the entry points for specific user interests. These pages attract targeted traffic, making them perfect for advertisers aiming to reach a specific audience.

**Price: \$190 USD per month**

- Visibility: High engagement with targeted audiences
- Audience: Users with specific interests or needs
- Impact: Effective for targeted marketing campaigns

### Ads on Rest of Pages

Other Pages Advertising Banners: 300x300 px

The rest of the pages on the website still offer significant value for advertisers, providing opportunities for visibility across various content areas. These pages include product details, News, Newsletters, and other informative sections.

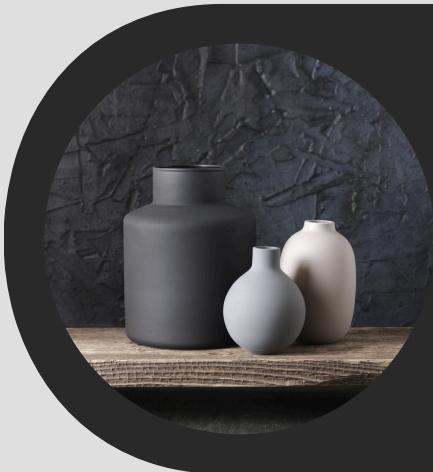

**Price: \$152 USD per month**

- Visibility: Steady traffic with diverse content areas
- Audience: Users seeking detailed information or specific services
- Impact: Consistent exposure across the website
